

## Learn To Highland Dance

### Traditional Highland Dance

Is taught right here in Columbus and is a very ancient form of folk dance. It began among the Scottish clans and was extended to military recruitment and celebration after battle.

The Columbus Highland Dancers (CHD) was organized in 1982. The group is dedicated to preserving the dance traditions of Scotland.

Scottish dance is a very athletic form of folk dance, requiring a strong commitment to work at becoming physically fit. Most often dancers begin during elementary school years. Students must be dedicated and come to class every week.

### Columbus Highland Dancers

Our dancers have been very successful both in the USA and in Canada.

### Columbus Highland Dancers

We practice weekly and further information can be obtained by using any of the following resources:
